Mr. Hathaway,

Per Rule 1.4 concerning communication (a) (2) "reasonably consult with the client about the means by which the clients objectives are to be accomplished". (3) "keep the client reasonably informed about the status of the matter ". (4) " promptly comply with reasonable request for information ". And (b) " A lawyer shall explain a matter to the extent reasonably necessary to permit the client to make informed decisions regarding the representation."

I file to see how you have done any of the above, as you nor your office has consulted with the client about the objectives or means by which to accomplish them , (a) (2) . nor comply with the request for information or explain how it may be unreasonably (4). You have not kept the client informed about the status of any matter as I was shocked to see my PCRA dismissed with you never once contacting me to explain your option to put forth a objection letter or my applet rights

What is your plain for moving forward in this matter ? Do you have any intention on providing me with copies of any of the transcripts ? And do you have any intention on having meaningful communication with myself ?
